

Amendments to the Claims

1.-32. (Cancelled)

33. (Currently Amended) A method of treating a non-neuronal cancer which does not occur in the central nervous system, and comprises a non-neuronal tumour cell, in a mammal, said method comprising the step of injecting a mammal intratumorally with an effective amount of a mutant herpes simplex virus HSV 1716, and wherein said mutant virus infects, replicates and lyses said non-neuronal tumour cell in said mammal, thereby treating the non-neuronal cancer.

34-36 (Cancelled).

37. (previously presented) The method according to claim 33, wherein the mammal is a human.

38. (previously presented) The method according to claim 33, wherein the cancer is a primary tumour.

39. (previously presented) The method according to claim 33, wherein the cancer is a metastatic tumour.

40. (previously presented) The method according to claim 33, wherein the cancer is a mesothelioma, ovarian carcinoma, bladder cancer or melanoma.

41.-45. (Cancelled)
